Robert S. Kleinerman, MPH, CIH
President
American Industrial Hygiene Association – Northern California Section

Dear Mr. Kleinerman:

As Director of the Northern California Center for Occupational and Environmental Health (COEH), I am writing you to express my sincere apology for any inconvenience that the late cancellation of the Industrial Hygiene Forum on October 14 caused the members of your section. The COEH accepts responsibility for poor communication with you and your leadership team about the cancellation of this forum.

The COEH has long partnered with your organization to hold the Industrial Hygiene Forum series and I believe both parties have benefited from this relationship. Your members need continuing education (CE) for certification maintenance and it is part of our mission to provide CE to industrial hygienists.

As we have discussed in person, the COEH pledges to improve our communications with the AIHA-NCS so as to avoid future problems with forum scheduling. We look forward to continuation of our longstanding and fruitful working relationship.

Sincerely,

A handwritten signature in black ink that reads "John R. Balmes".

John R. Balmes, MD
Professor of Medicine, UCSF
